PAYMENT METHODS

IMPORTANT: For US, EU, UK or AU bank account holders, please send your deposit to our corresponding local bank account below in your native currency, the same as you would to any local business. For most clients, online payments made to these accounts should arrive same-day without any fees.

For payments originating from bank accounts or currencies outside these four regions, please send \$USD using the SWIFT network details at the bottom of this page. Note that these transfers usually incur a small international payment fee and currency exchange fees from your bank. Many clients opt to use online transfer services like <https://transferwise.com> or <https://revolut.com> to minimise these fees.
